FIXED PRICE LIST #0015

WE OFFER THE FOLLOWING TERMS OF SALE

1. All Coins GUARANTEED Genuine, with correct attribution! This is a LIFETIME Guarantee!
2. The IDENTIFIED POPULATION estimates (RARITY) of varieties change as more pieces of Copper are attributed, and it is IMPOSSIBLE to have an ACCURATE rating! But, we do use the most up-to-date data available - as reflected in "Copper Quotes by Robinson". (CDR)
3. STRICT ANA & EAC guidelines are used in grading, which consist of assigning a grade based on the state of preservation/wear of the piece. We then describe the condition of the coin so that you will have as good an idea as possible of what the coin looks like without actually being able to see it in person. It is our intent that there be NO SURPRISES when you receive the coin. Virtually all old Copper has accumulated some marks in their lifetime since leaving the Die/Mint - It is our intent to describe any such marks of significance. We now introduce a new term - VALUE GRADING!

Sharpness Grade is far easier to describe in consistent terms, and where there may be circulation defects such as porosity, gouges, rim dings/nicks/bruises, corrosion and other such detractions, arriving at a NET GRADE is certainly subjective at best. The grade that we have assigned on the first line describing each coin is intended to represent this NET GRADE/VALUE GRADE.

If the Second Line does NOT start with a Sharpness grade, then it is our opinion that the NET GRADE of the coin is the SAME AS the SHARPNESS GRADE of the coin, and that there are NO SIGNIFICANT defects worth mentioning. Perhaps NOT PERFECTION, but whatever marks or other elements that may be present, do not deduct from the over-all appearance/grade of the coin, and are mentioned for accuracy.

4. A Full 30 DAY return privilege is allowed for any or no reason. Our business is based upon attracting repeat customers, and it does none of us any good for you to keep a coin with which you are not completely satisfied. The 30 day period is an approval period, and we welcome any of our customers to show their purchases from us to any other EXPERIENCED EAC member for another opinion. Sales are final after the 30 day period, but we will certainly consider extensions in this time limit upon any reasonable request.
5. All orders are sent postpaid.
6. Approval service is available to established clients with 7 day terms.

7. We will accept any coin purchased from Tom Reynolds or our own fixed price lists in trade at 80% of the purchase price assuming that the coin has remained in its original condition and its rarity/value has not significantly changed.

We are always interested in buying Early Copper & Type Coins! If you have coins to sell, we would be happy to have you contact us. We are willing to PAY STRONG PRICES for NICE coins. We will also accept coins on a consignment basis at a reasonable commission. Please feel free to contact either of us with ANY questions that you may have:

FIXED PRICE LIST #0015

Welcome to our January fixed pricelist. I think you will find some exceptional Early Copper offered. There is an especially nice group of Sheldon varieties. As well as many,nice late dates. These are becoming quite difficult to locate. Late Dates seem to be very popular right now, and for good reason,nice coins can be obtained for modest cost. There are also many scarce & interesting varieties. I should mention that I believe the rarities of many of these varieties to be speculative. We are attempting to sort out the wheat from the chafe in this regard. You will note that in some instances I will comment. Do use your own judgement. I would be interested in hearing YOUR thoughts as well! By the way we now have in the new Grellman book on Late Dates an attribution guide for all varieties 1840-1857. It is hard bound. A MUST for every collector, the price is \$65.00. PLEASE ORDER EARLY!

Remember the all Copper auction to be held January 23 in Virginia. By now you should have received your catalog. If not please let us know.

One last minute addition. I have appended a brief list of NEW PURCHASES. It should be worth examining.

I hope all of you had a good Holiday season. Let's have a wonderful New Year.

Chris
